President's Message

Confessions of a woodworker..... Last month at the general meeting there was an announcement for an upcoming estate sale. Lots of wood and lots of tools! I was not alone at the sale. I saw lots of familiar Guild member faces there. It was terrific to have Curt there helping the estate sale folks price everything. There were lots of deals and treasures to be found. The SUV got loaded up with lots of wood and a few tools. So you ask what is there to confess. I had to go back the next day and get even more wood! Now the lumber rack is totally reorganized and fully loaded with lots of wonderful wood. With all that terrific wood there are going to be lots of fun projects. It was wonderful to see all that wood and tools go to so many appreciative woodworkers to be used and turned into projects. I guess there are worse habits to have.... Hope all my fellow woodworking addicts who I saw at the estate sale (and even those who were not) are having fun making lots of stuff, including saw dust.

Also, I would like to make my ever present plea for volunteers for committee and board positions!

Check out the rest of the newsletter for a full schedule of programs for the rest of the year and the upcoming annual picnic.

New Volunteers

I would like to acknowledge two members who have volunteered to take pictures during the monthly meeting and other events.

Jim Kitsmiller and Greg Livingston have joined Lindy Baer as photographers.

These three members have been working together for 2 or 3 months and have produced some very high quality photos for use in the newsletter, on the website and publicity publications.

I would encourage all the members to consider volunteering for some position or project. The guild needs your skills.
