#### *Incoming Presidents Message*

Greetings Sawyers, Planers and other makers of wood shavings allow me to introduce myself, my name is Cary Goltermann. I was the guild Secretary in 2013 and have the honor of being the guild president in 2014.

I am a beginning to intermediate woodworker. The tools in my shop share their space with two cars, which are often moved to the driveway. Since 2012, I've been learning to turn bowls on a 1952 Shopsmith. After attending the Chris Gochnour class last summer, I was inspired to try my hand at hand cut dovetails. I attended the dovetail cutting / saw sharpening class taught by Kevin Loyd and have been practicing cutting dovetails on and off since then.

I'm a little apprehensive about taking on the guild presidency. Past presidents have set the bar pretty high and there is a great deal which I need to learn about running this organization.

I'd like to thank the outgoing guild board officers and chairpersons

President – Viki Hennon

Vice President – Tom Bloom

Treasurer – John Willcox

Programs and Classes – Stan Wolpert

Community Service – Jeff Roth

## ***Outgoing President's Message***

As the outgoing President of the Guild and I look back over this past year and my tenure as a Board member I have many bitter sweet memories. The Guild has made tremendous progress not without its ups and downs.

I joined the Guild over four years ago after moving here from San Diego. Shortly thereafter I joined the Board. I started out as Shows & Exhibits Chair then Secretary and interim Treasurer then President. Now after four years it is time for me to step down. But before the newly elected Board takes over I would like to thank all my fellow Board members and all who help out at the meetings. I could write volumes on the contributions everyone made. Suffice it to say that I appreciate the effort everyone put into making 2013 another successful year for the Guild.

## ***Guild Officer Elections***

The general membership present for the regularly scheduled monthly meeting in November elected the following Guild officers for 2014:

President : Cary Goltermann

Vice-president: Bob Kleinfeldt

Treasurer: Laura Peterson

Secretary: Mark Childs

Please take some time to introduce yourself to the new officers if you have not met them. Also, this greeting time would be a perfect opportunity to offer your assistance in helping with any of the projects and activities the Guild sponsors. Who knows, you may get so excited you run for office next year!

## ***Travis Brown – Previous past President***

## ***Membership Notes***

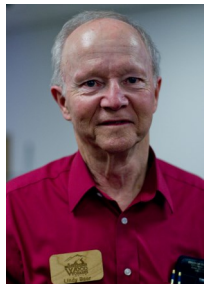

Since sometime in November, I and Wilbur (the guilds webmaster) have been acting as the membership chairpersons. If you have not yet renewed your membership, take a look at the guilds web page, <http://coloradowoodworkersguild.org>. You can login and renew your membership quite easily. Since October 1<sup>st</sup>, 2013 over one hundred guild members have joined or renewed this way. If you have any issues logging in, drop a line to [membership@coloradowoodworkersguild.org](mailto:membership@coloradowoodworkersguild.org) and let me know. I have fixed issues for a couple of members in the past month or so.

***Regards Cary Goltermann – Acting Membership***

## ***Sponsor Corner***

Watch this space! In future newsletters, we will publish information about our sponsors. This information will include special announcements and company profiles. For inquiries, please contact [public-relations@coloradowoodworkersguild.org](mailto:public-relations@coloradowoodworkersguild.org).

## ***November Show & Tell***

The November Show & Tell was a great example of the mix of work that our members are capable of making. Curt Vogt who has the busiest shop outside of the North pole brought in three of his fabulous Christmas ornaments. Aside from various tree woods that Curt has access to he also used sea urchin for one of the ornaments. His finishes consisted of poly and shellac, because some of the exotics that he used require don't respond well to poly.

Paul Seipel brought in a pair of grips he made for a model 1911 semi-auto handgun. In addition to molding the grips Paul even made the molds out of silicone rubber. He was planning on making a second set of grips for his son's gun, but they are going to be pink.

Kent Krueger brought in an interesting bowl that he turned. Made of a solid cap of red mallee burl the bottom was left completely natural. This however poses a mystery as even Kent forgot exactly how he held the piece without touching the bottom.

Kevin Loyd (it's fun to refer to yourself in third-person) brought in a table that he designed to fit in a small narrow space. The design requirements were to use the burl plates and that it hold a glass of wine and a dessert plate. It was made of walnut with inset maple burl plates. The entire base was done using hand planes and card scrapers as there were no flat surfaces.

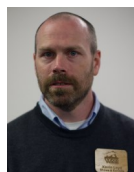

Ben Furgeson brought in a solid cherry table. Made in the Shaker style this is the product of another of the Guild's successful Woodworking 102 classes. For those looking to jumpstart their woodworking or expand into a new area the Guild does have some wonderful classes like the one Ben took.

The winner of the night was John Kilron with his Maloof-styled arm chair. Made of solid cherry the chair is a beautiful addition to any living room. Thank you to all of those that brought in their projects to share with the rest of the guild. Remember everyone the Show & Tell is open to all as it helps other better understand what kinds of work we do.

## ***The Woodworking Show***

The guild participated for the second time in 2013 in The Woodworking Show. I want to thank all of the volunteers that made the booth a great success. The guild signed up over two dozen people at the show, made some great contacts, and planted the seeds of interest in future new members. We had the fortune of having a much larger booth this time with two benches, which made for more demonstrations and plenty of shoulder room. The drawing for the booth volunteer raffle will be held at the January meeting. You won't need to be present to win, but you might lose your choice in picking a prize.

Thanks again to all those that made the booth a success. Also, if you have an idea of how to make the booth better please let me know as I will be organizing the booth in 2014 and there is always room for improvement.

## ***Christmas Party***

The 2013 Christmas party held on December 14 was very well attended, by approximately 65 members. Great participation in the white elephant gift exchange. Rich Johnson from Rockler attended and brought a box of items for door prizes. Thanks Rich!!

Thanks also to Bill Hoppers, Travis Brown and John Hammer for cooking some supper smoked meats.

Thanks to Elena and Rich Gonzalez for making the table center pieces, Elena your creativity is amazing thanks for the help.

A special thanks to Paul Seipel for making a one of a kind Colorado Woodworkers Guild pin as a special gift.

Thanks to everyone who attended and made this a great evening.

## CWG Sponsors

The Colorado Woodworkers Guild is fortunate to have several companies as Sponsors. The Sponsors help the Guild with programs, materials, supplies, facilities, display space, financial, and other means. In many cases, Guild members are able to obtain discounts from our Sponsors (except for power tools and sale items). Please note: the Guild discounts only apply to in person purchases in the store (except where noted), and are not available at any sponsor's online store.
